Cover Crop Cost-Share Application

The Jasper County Soil & Water Conservation District is pleased to offer a Cover Crop Cost-Share Program to support local conservation efforts. Participants are eligible for **50% reimbursement** of their total cover crop costs (including seed and application by Hagie, plane, or other approved methods), with a maximum of **80 acres per participant**. Land must be within Jasper County. Enrollment will be accepted on a **first-come, first-served basis**, and all practices must follow **NRCS guidelines**. **Deadline to apply is November 20, 2026.**

The cover crop must be kept intact with no tillage or disturbance until March 1st

To be eligible for consideration please submit receipts for the seed, application etc. to the Jasper County District office together with the application form and a W-9 form. Payment is subject to review and field verification by the SWCD board of supervisors and staff. Payments will be processed at the November board meeting.
